

National Indicators

Florida State and Regional Data

The Future of Nursing: *Campaign for Action* will be announcing dashboard indicators to measure the success in progress toward the IOM recommendations. The current indicators being discussed are:

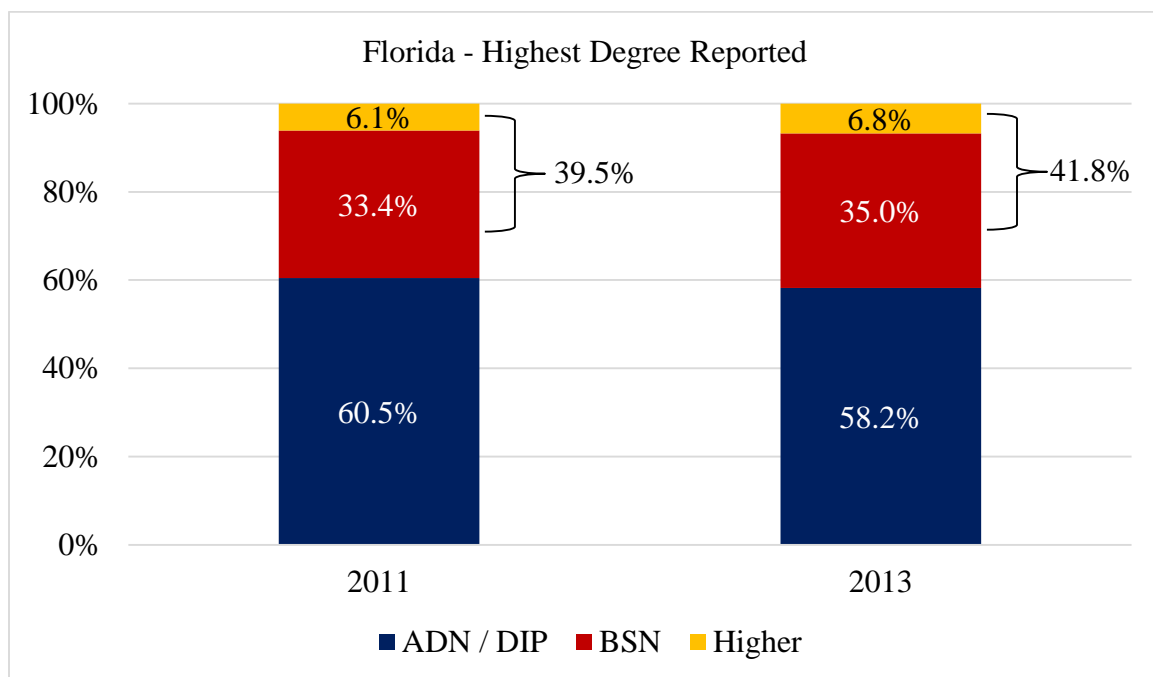

Rec. 4: Increase the proportion of nurses with a baccalaureate degree to 80% by 2020.

Indicator: 80% of employed registered nurses have a baccalaureate in nursing or any higher degree by 2020.

Rec. 5: Double the number of nurses with a doctorate by 2020.

Indicator: Total enrollments in nursing doctorate programs.

The Florida Center for Nursing (FCN) is able to provide this benchmark for the state and eight geographic regions. 2013 results for the State, based on an estimated 178,232 employed RNs, are below. Please note that Advanced Registered Nurse Practitioners are not included in this data.
